

adv. Paweł Zimiński

Managing Partner

Jak mogę pomóc

I have been coordinating the work of RK Legal's Real Estate Department. I specialize in the cases related with investments on the real estate market. For many years, I have been advising clients on real estate trading and project preparation, providing legal assistance at all stages of the construction process.

Experience

I represent developers, investors, contractors, condominium owners' associations and real estate owners in court disputes regarding claims for damages related with real estate defects.

I have extensive experience in handling real estate investment processes, in particular in representing clients in administrative proceedings related with real estate development, drafting contracts, negotiations and ongoing legal services during the development process and after its completion.

In addition, I represent clients in lawsuits against retail chains concerning the so-called slotting fees, and I have experience in proceedings before arbitration courts.

I am a licensed real estate broker.
