Jak mogę pomóc

I am a member of RK Legal's Litigation Department team, where we provide comprehensive legal services in matters in dispute.

I specialise in civil law disputes, in particular relating to claims arising from credit and insurance .

Experience

I have many years of experience in serving entities in the banking and insurance industry, including expertise gained as an in-house lawyer in financial institutions. I represent clients in disputable matters, appearing on their behalf in negotiations with business partners and representing them before common courts.
