

Westyna Krasnopolska

Key Account Manager B2C Credit Management Division

Jak mogę pomóc

In the Litigation Department, I coordinate the work of a team responsible for conducting civil and commercial litigation for the firm's clients. I specialise in substantive civil and procedural laws.

I am responsible for drawing up procedures for handling cases taking into account the interests of clients while minimising risks and optimising costs incurred.

Experience

At RK Legal, I serve corporate clients, mainly banks and securitisation funds, in the area of receivables management. I provide comprehensive support the firm's clients in pursuing their claims by seeking amicable forms of dispute resolution, conducting litigation and enforcement proceedings. I oversee the accuracy and timeliness of actions taken. I induce new employees and provide substantive support to the team.

My scientific interests focus on the civil law. My master's thesis entitled: "The enforcement of claims by banks in civil proceedings" under the supervision of dr hab. Joanna Studzińska concentrated on matters within that field.

Education

- Faculty of Law, Kozminski University in Warsaw (2022)

Language

- English
